Product Description

Product Description

Made with high-quality aluminum alloy, this docking station is durable and aesthetically pleasing, making it the perfect accessory for your laptop.

The USB-C Hub Docking Station features a variety of ports to meet your connectivity needs. It includes an HDMI port and a VGA port, allowing you to connect your laptop to external displays and projectors. It also has a USB 3.0 port for fast data transfer rates and a Gigabit Ethernet port for a stable and reliable internet connection.

In addition to these ports, the USB-C Hub Docking Station also features a SD/TF card reader, allowing you to easily transfer photos and other files from your camera or other devices. The SD card slot supports various capacities and speed classes, making it a versatile and useful feature.
