Product Description

HDMI Switch 3 IN 1 OUT Aluminum HDMI Splitter with Remote HDMI Switcher Supports 4K 3D HD Monitor

Product Description:

The 3x1 HDMI Switch is designed to provide seamless switching between multiple HDMI devices, with its auto-switching feature that detects and selects the active source. This means you don't have to worry about manually switching between devices, as the switch does it for you automatically.

One of the standout features of this HDMI switch is its high-resolution capabilities. With support for resolutions of up to 4K@60Hz, the 3x1 HDMI Switch ensures that you get the best possible picture quality from your connected devices. This makes it ideal for use with modern devices such as Blu-ray players, gaming consoles, and streaming devices.

Another advantage of the 3x1 HDMI Switch is its IR remote control, which allows you to easily switch between HDMI sources from the comfort of your couch or chair. This means you don't have to get up and manually switch between devices every time you want to use a different device.
