

Offline Clone Docking Station External Hard Drive Duplicator Dock NVMe M.2 SSD Support One Key System Disk Copy

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: SUBOSEN
- Certification: CE,FCC,ROHS,ISO 9001
- Model Number: DP01
- Minimum Order Quantity: 500 Pcs
- Price: 2-10usd/pcs
- Packaging Details: Customized Colorful boxes
- Delivery Time: 7-10workdays
- Payment Terms: TT in advance
- Supply Ability: 200000PCS/month

Product Specification

- Drive Compatibility: SATA I/II/III
- Model: SATDUP11
- Drive Size: 2.5in & 3.5in
- Drive Interface: SATA
- Clone Modes: System And File, Whole Drive
- Transfer Speed: Up To 6 Gbps
- Power Source: AC Adapter
- Led Indicators: Power, Activity, Source, Target
- Highlight: **hard drive duplicator dock, external hard drive duplicator, nvme m 2 duplicator**

Product Description

Offline Clone Docking Station Hard Drive Duplicator for NVMe M.2 SSD Support One Key System Disk Copy Function

Product Description:

The Hard Drive Duplicator Cloner comes equipped with LED indicators that make it easy to monitor the progress of your disk duplication. The Power, Activity, Source, and Target LED indicators help you to keep track of the cloning process and ensure that everything is running smoothly.

This disk duplicator supports a range of clone modes, including System and File and Whole Drive, making it a versatile tool for data management. Whether you need to clone your entire hard drive or just specific files and folders, this product has you covered.

The Hard Drive Duplicator Cloner is compatible with a range of formats, including NTFS, FAT, HFS+, EXT2/3/4, making it an ideal choice for anyone who needs to clone different types of hard drives. With this disk duplicator, you can clone your hard drive quickly and easily, regardless of the format.

The clone speed of this Hard Drive Duplicator Cloner is up to 28 GB/min, making it one of the fastest HDD duplicator docks on the market. This means that you can clone even large hard drives quickly and efficiently, without having to wait for hours for the process to complete.

In summary, the Hard Drive Duplicator Cloner is a versatile and efficient disk duplicator that is perfect for anyone who needs to clone their hard drive quickly and easily. With LED indicators that make it easy to monitor the progress of your cloning process, support for a range of clone modes and formats, and fast cloning speeds of up to 28 GB/min, this product is a must-have for anyone who needs to manage their data effectively.

Features:

Product Name: Hard drive duplicator cloner

Supported Formats: NTFS, FAT, HFS+, EXT2/3/4

Transfer Speed: Up To 6 Gbps

Dimensions: 5.9 X 4.3 X 2.8 In

Model: SATDUP11

Type: Stand-alone

This HDD duplicator dock is a disk cloning device that supports NTFS, FAT, HFS+, EXT2/3/4 formats. It has a transfer speed of up to 6 Gbps and has dimensions of 5.9 X 4.3 X 2.8 In. The model number is SATDUP11 and it is a stand-alone type.

Technical Parameters:

Drive Interface:	SATA
Led Indicators:	Power, Activity, Source, Target
Drive Compatibility:	SATA I/II/III
Supported Formats:	NTFS, FAT, HFS+, EXT2/3/4
Model:	SATDUP11
Type:	Stand-alone
Dimensions:	5.9 X 4.3 X 2.8 In
Clone Speed:	Up To 28 GB/min
Number Of Drives:	1 To 1
Power Source:	AC Adapter

Applications:

The DP01 hard drive duplicator is perfect for businesses or individuals who need to clone multiple hard drives quickly. With a transfer speed of up to 6 Gbps, this HDD cloner product can transfer your data quickly and efficiently. It is compatible with SATA I/II/III drives, making it a versatile hard drive duplicator that can be used with many different types of hard drives.

This hard drive duplicator is manufactured in China and is certified with CE, FCC, ROHS, and ISO 9001 certifications, ensuring that it meets all safety and quality standards. The minimum order quantity for this product is 100PCS, and the price ranges from 2-10 USD/pcs, making it an affordable option for small businesses and individuals alike. The packaging details can be customized with colorful boxes, and the delivery time is 7-10 workdays. Payment terms are TT in advance, and the supply ability is 200000PCS/month.

The DP01 hard drive duplicator is small and compact, with dimensions of 5.9 x 4.3 x 2.8 inches, making it easy to transport and store. It is perfect for IT professionals who need to clone hard drives on the go or for individuals who want to back up their important data. This hard drive duplicator is easy to use, simply plug in the hard drives and press the button to start cloning.

Overall, the DP01 hard drive duplicator from Subosen is an excellent choice for anyone who needs to clone multiple hard drives quickly and efficiently. Whether you are a business owner or an individual, this hard drive duplicator is sure to meet your needs. So, if you are looking for a high-quality hard drive duplicator, be sure to check out the DP01 from Subosen today!
