Square Black USB C To USB Adapter Mac 6 In 1 Usb C To Usb A Hub Adapter OTG Adapter

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: subosen
- Certification: CE,FCC,ROHS,ISO 9001
- Model Number: FX3
- Minimum Order Quantity: 500 Pcs
- Price: 1-10USD/PCS
- Packaging Details: Individually wrapped
- Delivery Time: 7-30workdays
- Payment Terms: L/C, T/T, L/C, D/P
- Supply Ability: 20000/day

Product Specification

- Card Reader: SD And TF Card Slots
- USB-C Data Port: High-Speed Data Transfer: Up To 5Gbps/10Gbos Data Transfer Speed
- HDMI Output: 4K UHD Support/Dual HDMI Ports
- Power Delivery (PD):   PD 3.0 Charging
- Multiple USB Ports: USB 3.0 2.0 Ports
- OEM/ODM: Support
- Ethernet Port: Gigabit Ethernet: Supports 10/100/1000 Mbps Ethernet
- Data Transfer Speed: Up To 10/5Gbps
- Highlight: **usb c mac hub**, **usb c to usb a hub**, **usb c to usb a hub adapter**

Aluminum square black USB C to USB Adapter 6 in 1 USB C to USB A OTG Adapter

Product Description:

Enhance your connectivity with the Subosen USB-C Hub Adapter, designed for seamless integration with your USB-C devices. This sleek hub features three USB 3.0 ports, an HDMI port supporting 4K resolution, and a PD charging port, allowing you to connect multiple peripherals while charging your laptop simultaneously. Perfect for on-the-go professionals and students needing reliable connectivity in a compact design.

Features:

Type-C Port Replicator
Type-C Port Extender
USB Type-C Adapter
Resolution: 1080P @60Hz
Card reader: SD And TF Card Slots
Power Delivery: Up To 100W
Special Feature: Portable, Fast Charging, Fast Data Transfer, Plug And Play
Compact and Portable Design: Travel-Friendly

Technical Parameters:

Special Feature	Portable, Fast Charging, Fast Data Transfer, Plug and Play
Compatibility	Compatible with various operating systems including Windows, MacOS, Linux, and sometimes Chrome OS. Ensures broad usability across different devices.
Resolution	1080P @60Hz
Port	Type C, HDMI, MicroSD, USB Type C, Ethernet, HDMI, USB 3.0/2.0, VGA
USB-C Data Port	High-speed data transfer: up to 5Gbps/10Gbps data transfer speed
HDMI Output	4K UHD support/dual HDMI ports
OEM/ODM	Support
Data Transfer Speed	Up to 10/5Gbps
Power Delivery (PD)	PD 3.0 charging
Audio Jack	3.5mm audio jack Available

The subosen UCD01 is a USB-C docking station that is compatible with various operating systems including Windows, MacOS, Linux, and sometimes Chrome OS. This ensures broad usability across different devices. The device has multiple ports including Type C, HDMI, MicroSD, USB Type C, Ethernet, HDMI, USB 3.0/2.0, and VGA. This makes it easy to connect different devices and peripherals to your computer or laptop.

What is a custom USB-C hub and docking station?

A custom USB-C hub and docking station is a versatile device designed to expand the connectivity options of USB-C equipped devices such as laptops and tablets. It typically includes ports for USB-A, HDMI, Ethernet, SD card readers, and sometimes additional features like VGA, audio jacks, or USB-C Power Delivery (PD).

Why should I choose a custom USB-C hub and docking station?
Choosing a custom USB-C hub and docking station allows you to tailor the device to your specific needs. Whether you require certain port configurations, special features, or branding, customization ensures the hub meets your exact requirements for connectivity and functionality.

What customization options are available for USB-C hubs and docking stations?
Customization options include selecting specific ports such as USB 3.0, USB 2.0, HDMI, DisplayPort, VGA, Ethernet, SD card readers, microSD card readers, audio jacks, and USB-C Power Delivery. Additionally, customization can involve branding with logos, choosing colors, and sometimes even custom firmware for specialized functionalities.

How can a custom USB-C hub and docking station benefit my business?
Custom hubs and docking stations can enhance productivity by providing tailored connectivity solutions for your team's specific workflow needs. They can also serve as effective promotional items when branded, reinforcing brand visibility among clients and partners.

Can I request samples of custom USB-C hubs and docking stations before placing a bulk order?
Yes, we offer sample units for evaluation purposes. This allows you to test the product's compatibility, functionality, and build quality before making a larger commitment.

What is the typical lead time for manufacturing custom USB-C hubs and docking stations?
Lead times can vary depending on the complexity of customization and order volume. Typically, it ranges from a few days to a couple of weeks, including design approval, prototyping (if required), manufacturing, and quality control processes.

Are there minimum order quantities (MOQs) for custom USB-C hubs and docking stations?
Yes, MOQs are often required for custom orders to cover setup costs, tooling, and manufacturing processes. MOQs vary between manufacturers and are usually determined based on the complexity and customization level of the product.

Do custom USB-C hubs and docking stations come with warranties?
Yes, reputable manufacturers provide warranties for custom USB-C hubs and docking stations. Warranty periods can range from one to three years, covering defects in materials and workmanship under normal use conditions.
