## USB A Type C Compatibility Black Gray Hub 5Gbps Data Transfer Long Cable Length Power Supply

### Product Description:

The USB-A Hub Adapter is made from high-quality materials such as Aluminium Alloy and ABS, which ensures that it is durable and can withstand regular use. The product is also designed to provide fast and efficient data transfer speeds of up to 480Mbps, which makes it ideal for use with keyboards, microphones, and other USB 2.0 devices.

One of the standout features of this USB-A Dock is the integrated on/off switches that allow you to control each port independently. This feature allows you to turn off specific ports when not in use, which helps to conserve power and prolong the lifespan of your devices.

The USB-A Hub Adapter is a versatile and reliable device that is perfect for use in homes, offices, and other settings. Whether you need to connect multiple USB devices to your computer or want to charge your devices quickly and efficiently, this USB hub adapter is the ideal solution.
