

7 In 2 Docking Station Usb C Thunderbolt Hub HDMI 4K Card Reader For Macbook Pro

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: SUBOSEN
- Certification: CE,FCC,ROHS,ISO 9001
- Model Number: DC067
- Minimum Order Quantity: 500 Pcs
- Price: 5-20 USD/PCS
- Packaging Details: Customized Colorful boxes
- Delivery Time: 15workdays
- Payment Terms: TT in advance
- Supply Ability: 200000PCS/month

Product Specification

- Cable Design: Integrated Cable: Builtin Cables For Convenience.
- Ethernet Port: Support 10/100/1000 Mbps
- Power Delivery: Supports Up To 100W
- Warranty: 1 Year
- Video Output: HDMI: Up To 4K Resolution At 30Hz Or 60Hz.
- Dual Display Support: Supports Dual Or Triple Display Setups
- DP Port: Up To 4K UHD(3840*2160/60HZ)
- Number Of Ports: 10 To 20, To Support Multiple Devices And Peripherals Simultaneously
- Thunderbolt Port: 1
- Highlight: docking station usb c thunderbolt, usb c thunderbolt hub, usb c thunderbolt dock

Product Description

7 In 2 Thunderbolt USB C Docking Station hub HDMI 4K Video Output with card reader for macbook pro

Product Description:

Our portable docking station has been designed with integrated cables for convenience, making it easy to carry around with you wherever you go. The docking station comes in five customizable colors, including Space Gray, Silver, Black, White, and Gold, so you can choose the one that best suits your style.

Our hunderbolt docks typically include a variety of ports to expand the capabilities of your laptop or desktop. These can include:

- USB-C ports (compatible with Thunderbolt and USB devices)
- USB-A ports (for connecting legacy USB devices)
- HDMI or DisplayPort for video output to external monitors
- Ethernet ports for wired network connectivity
- Audio ports (headphone/microphone)
- SD card readers and other specialized ports depending on the model.

Features:

Product Name: USB-C Docking Station

Power Control: Integrated On/Off Switches

Thunderbolt port: up to 10Gbps

HDMI port: 4K UHD Support, Dual Or Triple HDMI Outputs

DP port: Up To 4K UHD(3840*2160/60HZ)

Docking station with Ethernet

USB-C Port Replicator

Docking station with DisplayPort

Compatible devices: MacOS.

Software Integration: DisplayLink Technology

Technical Parameters:

Connector	USB 3.1 Type-C Connector
Power Control	Integrated On/Off Switches
DP port	Up To 4K UHD(3840*2160/60HZ)
Software Integration	DisplayLink Technology
Data Transfer Rate	USB 3.0: Up To 10Gbps
Network Connectivity	Gigabit Ethernet: Provides Stable And Highspeed Wired Internet Connection Up To 1Gbps
Cable Design	Integrated Cable: Builtin Cables For Convenience
Color	Space Gray, Silver, Black, White, Gold.Customizable
USB 3.0 Ports	Multiple USB 3.0 Ports: Provide Data Transfer Speeds Up To 5Gbps, Suitable For Connecting External Hard Drives, Flash Drives, And Other High-speed Peripherals
Form Factor	Portable

Applications:

Professional Workstations: Thunderbolt docking stations are ideal for professionals who require a high-performance workstation setup with multiple monitors, external storage, and peripherals.

Creative Studios: Thunderbolt docking stations are commonly used in creative studios for tasks such as video editing, graphic design, and 3D rendering, where high-speed data transfer and versatile connectivity are essential.

Home Offices: Thunderbolt docking stations provide a convenient solution for home offices, allowing users to connect their laptops to external displays, printers, and other peripherals for improved productivity.

Gaming Setups: Thunderbolt docking stations can be used to enhance gaming setups by connecting multiple monitors, gaming peripherals, and external storage devices for an immersive gaming experience.

Multimedia Presentations: Thunderbolt docking stations are suitable for multimedia presentations in conference rooms or classrooms, enabling users to connect laptops to projectors, displays, and audio systems with ease.
