Product Description

New design 8 in 1 multi-function Docking station Dual type-C to RJ45 Port/USB3.0/PD/H-D-M-I/card Docking station

Product Description:

With the USB-C Hub, you can connect multiple devices at once. The RJ45 port allows for fast internet connectivity with speeds up to 10/100/1000Mbps. The HDMI port supports 4K/2K/1K video output at 60Hz/30Hz, providing you with high-quality visuals and immersive audio. This makes it ideal for streaming movies, gaming, or presenting at work.

The USB-C Hub also features PD transport, which supports a maximum power output of 100W. This means you can charge your devices while using the hub, without any fear of running out of power. This feature makes it perfect for those who need to work on the go or in areas without easy access to power sources.

Data transfer speeds are also lightning-fast with the USB-C Hub, with transfer speeds of up to 5/10 Gbps. This allows you to quickly and easily transfer large files or back up your data without any delay.

The USB-C Hub is a reliable and efficient tool that helps you get the most out of your device. Whether you need to connect multiple devices or charge your device while you work, the USB-C Hub has got you covered. Its compatibility with different operating systems and its range of features make it a must-have for anyone who needs to multitask efficiently.
