Product Description

USB-C Dual HD 4K Docking Station 16-in-1 Multi-Function Hub Adapter with MST Support for Macbook & Desktop

Product Description:

This product is compatible with various operating systems such as Windows, MacOS, Android, and Linux. This ensures that users can use it with their devices regardless of the type of operating system they are using.

With data transfer speeds of up to 5/10Gbps, users can quickly and easily transfer large files or data between their laptops and other devices. This makes it an ideal solution for professionals and individuals who require fast transfer speeds.

The Thunderbolt Docking Station is a docking station type of product that allows users to connect multiple devices to their laptops through a single connection. It is equipped with USB Type 2.0/3.0/3.1 ports, making it compatible with various USB devices such as printers, scanners, and external hard drives.

This product comes with a 1-year warranty, which ensures that users can rely on it for an extended period. It is a reliable and durable product that is designed to provide users with an efficient and convenient way to connect their laptops to multiple devices and peripherals.

Features:

1 x DC-IN for the additional power adapter 20V3.25A
1 x USB-C PD port, Mac output 60W for charging.
1 x HDMI (3840x2160@30Hz) output.
1 x DP(3840x2160@30Hz) output.
1 x VGA (1080P@60Hz).
1 x USB-C (Type C Host). 5Gbps .
3 x USB3.0 Type A supports 5Gbps .
2 x USB2.0 Type A supports 480Mbps .
1 x RJ45 LAN port supports 10/100/1000M.
1 x SD3.0/microSD3.0 Card Reader supports SDXC cards up to 2 TB, SDR25 data transfer rate 104MB/Sec. (multi -LUN)
1 x 3.5mm stereo combo jack (audio output)
1 x 3.5mm stereo combo jack (microphone input)
