## Product Description

### 12 In 1 Usb C Hub Type-C To PD HD-MI USB3.0 USB2.0 USB-C SD TF RJ45 Docking Station

#### Product Description:

With its compatibility system, this USB-C adapter can be used with Windows, MacOS, Android, and Linux operating systems. Its ISO 9001, CE, and FCC certifications ensure that it meets the highest standards of quality and safety.

The USB-C Connector Hub also supports display resolutions of 8K/4K/2K/1K, with refresh rates of 60Hz/30Hz, making it ideal for streaming high-quality video content or working with multiple displays. The adapter's compact design makes it easy to carry with you wherever you go, and its plug and play functionality means you can use it right out of the box without any setup required.

Whether you're a professional who needs to connect multiple devices to your laptop or desktop computer or someone who wants to enjoy high-quality video content on multiple displays, the USB-C Connector Hub is the perfect solution. Its versatility, power delivery capabilities, and compatibility with multiple operating systems make it an essential tool for anyone who needs to work or play on-the-go.
