

8K 120Hz HDR 3 Port HDMI Switch Switcher 3 In 1 Out Plug Remote Converter

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Stone
- Certification: RoHS
- Minimum Order Quantity: 500 Pcs
- Price: \$19.98/pieces 2-49 pieces
- Packaging Details: white box
- Supply Ability: 100000 Piece/Pieces per Month

Product Specification

- Private Mold: NO
- Product Name: 8K 3x1 HDMI Switch With IR Remote Control
- Interface: HDMI Interface
- Gender: Female-Female
- Input: 3 HDMI Input
- Output: 1 HDMI Output
- Color: Black
- Function: Switch
- Feature: Plug
- Warranty: 12 Months
- Port: Shenzhen Guangzhou
- Highlight: 3 Port HDMI Switch Switcher, 8K HDMI Switch Switcher, 120Hz HDMI Switch Switcher

A:HDMI 8K 3In 1Out Switcher, No splitter.

You are allowed to connect from three HDMI Source Devices, Like PS5, Xbox X, HDMI Laptops to your HDMI TVs or HDMI Monitor. You need to plug your own HDMI Cables from our HDMI Switch to your HDMI Source Devices or your HDMI TVs. (Please plug your own HDMI cable), you are requested to switch between your three HDMI source devices via button or remote control.

Connection Steps:

- (1): Connect the Switcher's HDMI Source 1, HDMI Source 2 and HDMI Source 3 to your HDMI input devices, such as PS5, Xbox X, Set-top Box, PC or other HDMI Devices via your own standard HDMI Cables.
- (2): Connect the Switcher's "HDMI Display" Position to your HDMI Monitors, Projectors or Latest HDMI 8K TVs via plugging your own HDMI Standard Cable.
- (3): Connect the USB-C Cable to your USB devices to power the switcher.
- (4): **Non Auto-Switching, Non working from One HDMI Source to three HDMI Monitors.**
- (5): You are able to output 4K@120Hz or 8K@60Hz in your HDMI 2.1 TVs or other HDMI 2.1 Supported Monitors.

B:Switch Mode(Support Remote Control)

For this HD 8K 3x1 Switch, there are two switch Modes/Methods

- (1): Press "Select" Button in the Switcher to switch between your three HDMI Source Devices.
- (2): Press the "Power Symbol" in the remote control to turn on the Remote Control, then Press "1" "2" and "3" in the controller to switch between your three HDMI source devices. **When switching, please align the "IR" position of the switch.**

Important Notes:

1. In case insufficient power supply causing Black screen in your screen, please connect the equipped USB-C cable come with the Switcher to power it.
2. **In order to make sure that your external screens do not flicker, While connecting, please make sure the cables connecting between your switcher and HDMI source device or HDMI Displays not exceed 3 meters Respectively.**
3. If you would like to output 4K@120Hz or 8K@60Hz via our HDMI Switcher to your HDMI TVs or Displays, please make sure that your hdmi source device, HDMI Cables and HDMI Display should all support 8K@60Hz or 4K@120Hz.
4. **When using the remote control to switch, you are requested to align the remote control at the "IR" position of the switch, and the IR receiver is located on the "HDMI Display" side of the switch.** When the remote control is aimed at the "IR" position, it can operate within 10 meters at the farthest
