  11 in 1 USB C Hub

USB C Port Hub Product Description:

The USB C Hub is designed with a RJ45 port that provides high-speed internet connectivity. The RJ45 port can support speeds of up to 10/100/1000Mbps. This feature is perfect for those who require a stable and fast internet connection for work or leisure activities.
The USB C Multiport Adapter is designed with a USB 3.2 Gen 1 (3.1 Gen 1) Type-C host interface. This feature ensures that you can connect your USB devices to your computer with ease. The USB 3.2 Gen 1 (3.1 Gen 1) Type-C interface is fast and reliable, ensuring that your devices can transfer data quickly and efficiently.
The USB C Hub is available in two colors - Silver and Grey. You can choose the color that best suits your style and preferences. The sleek design of this USB C Hub will complement any workspace or home office.
The USB C Hub is also available with OEM/ODM branding. This feature is perfect for those who want to personalize their USB C Hub with their own logo or branding. This is a great way to promote your brand and increase brand awareness.
The USB C Hub is designed with three PD quantities. This feature ensures that you can charge multiple devices at the same time. This feature is perfect for those who need to charge their devices quickly and efficiently. With the USB C Hub, you can charge your devices while you work, ensuring that you always have enough power to get the job done.
The USB C Hub is the perfect solution for those who need to connect multiple devices to their computer. With the USB C Port Expander, you can connect your USB devices, and ethernet cable, and charge your devices all at the same time. The USB C Multiport Adapter is easy to use and convenient, making it the perfect addition to any workspace or home office.
