## Product Description

### USB 3.0 Hub Product Description:

With this USB C Hub, you can expand your laptop's connectivity by adding a variety of ports including USB 3.0, HDMI, SD/TF Card Reader, and USB-C Power Delivery. This means connecting multiple devices and peripherals simultaneously, including external hard drives, monitors, keyboards, mice, and more.

The USB 3.0 port supports high-speed data transfer up to 5Gbps, allowing you to quickly transfer large files and documents. The HDMI port supports 4K resolution, giving you crystal-clear picture quality on your external display. The SD/TF Card Reader allows you to easily transfer photos and videos from your camera to your laptop. The USB-C Power Delivery port provides up to 100W of power, so you can charge your laptop while using the USB-C Port Expander.

This USB C Port Expander is also designed with heat dissipation in mind, ensuring that it remains cool and ventilated during use. You can be assured that your devices will remain safe and secure with this Type-C USB Docking Hub.

We offer a fast 7-day sample time so you can test out this USB C Hub for yourself. The package includes 1 X USB C Hub and 1 X User Manual, so you can start using it right away.

Upgrade your laptop's connectivity with our USB C Port Expander and experience a new level of productivity and convenience!

### USB 3.0 Hub Applications:

One of the key features of the FX-9P25R is its versatile input interface. With HDMI, Mic, and Line inputs, this hub with Type C port can be used in a variety of different scenarios, making it an ideal choice for use in both professional and personal settings. Whether you need to connect to a projector for a presentation, record audio for a podcast, or listen to music through your headphones, the FX-9P25R has you covered.

Another important feature of the FX-9P25R is its heat dissipation technology. With cooling and ventilation built-in, this USB-C adapter converter is designed to keep your devices cool and prevent overheating, even during long periods of use.

The FX-9P25R is also highly customizable, with custom design options available to suit your specific needs. And with a fast delivery time of just 25-30 workdays and a sample time of just 7 days, you won't have to wait long to start using your new USB-C dongle hub.

So whether you're a business professional looking for a reliable and affordable USB-C hub for your presentations, or a student looking to connect your laptop to your TV for movie night, the SUBOSEN FX-9P25R is the perfect choice. With its high-quality materials, versatile input interface, and advanced heat dissipation technology, this USB-C adapter converter is the ultimate in convenience and performance. Order your SUBOSEN FX-9P25R today and experience the power and flexibility of a top-quality USB-C hub!

### USB 3.0 Hub Customization:

Featuring 1920x1080 resolution and support for 4K/2K/1K display, the SUBOSEN FX-9P25R Type-C USB Docking Hub is ideal for a wide range of applications. The unit comes equipped with HDMI, Mic, and Line input interfaces, and the USB Type-C interface ensures compatibility with a wide range of devices.

With a minimum order quantity of 500PCS and a price range of 1-9usd/pcs, the SUBOSEN FX-9P25R Type-C USB Docking Hub is an affordable and effective solution for your connectivity needs. The unit is also designed with heat dissipation for cooling and ventilation purposes, ensuring reliable performance even under heavy use.

Customized colorful boxes are available for packaging, and delivery time is estimated at 25-30 workdays. Payment terms are TT in advance, and supply ability is 200000PCS/month, making the SUBOSEN FX-9P25R Type-C USB Docking Hub an excellent choice for businesses and organizations of all sizes.
