Additional Features: Compact Design, Multi-Display Support

Support Systems: Windows, Mac, Linux, Android

Transmission Rate: 10Gbps

Power Delivery: Up To 120W

Docking station with DisplayPort

Docking station for iPad Pro

USB-C Port Replicator

High-speed data transmission

USB3.2 Transfer rate up to 10 Gbps/s

Multi-screen output meets various needs

Mobile phone connected to large screen TV / monitor / projector can be charged at the same time, connect U disk / key mouse, mobile office is more convenient

120W power adapter

Support for 100W fast charging laptop and
18W charging USB device

Technical Parameters:

Model	USB-C Hub With microSD3.0 Card Reader
Package Contents	Docking Station, USB-C Cable, User Manual

Resolution	Up To 8K
Material	Aluminum Alloy And ABS
Color	Black, Silver
Transmission Rate	10Gbps
Power Delivery	Up To 120W
Compatibility	Windows, Mac, Chrome OS
Displaylink IC	Yes
Ports	HDMI, USB 3.0, USB2.0, SD /TF Card Reader

Applications:

One of the key features of the DC36-X1 is its support for multiple devices and operating systems. It can be used with Windows, Mac, Linux, and Android devices, making it a versatile solution for home or office use. The compact design makes it easy to take with you on the go, and the multi-display support allows you to connect up to two external displays for increased productivity.

The USB-C Docking Station Hub is ideal for a variety of occasions and scenarios. For example, if you work from home and need to connect multiple devices to your computer, the DC36-X1 is an excellent choice. It allows you to connect to two external displays, making it easy to work on multiple projects at once. If you need to transfer files to and from your computer, the USB 3.0 and USB 2.0 ports make it easy to do so.

The DC36-X1 is also a great option for those who need a docking station with Ethernet. The Gigabit Ethernet port allows you to connect to a wired network for faster and more reliable internet speeds. This is especially useful for those who work with large files or need to stream high-quality video.

If you own an iPad Pro, the DC36-X1 is the perfect docking station for you. It allows you to connect your iPad to an external display, making it easy to work on presentations or stream videos. The SD/TF card reader also makes it easy to transfer files to and from your iPad.

The SUBOSEN DC36-X1 USB-C Docking Station Hub is CE and FCC certified, ensuring that it meets the highest standards of quality and safety. The minimum order quantity is 300pcs, and the price ranges from 80-85 USD/PCS. The product comes in customized colorful boxes, and the delivery time is 25 workdays. Payment terms are TT in advance, and the supply ability is 200000PCS/month. The DC36-X1 is available in black or silver and supports power delivery of up to 120W.

Customization:
