Product Description

USB C Hub Product Description:

The USB C Hub is a versatile and efficient solution for expanding the capabilities of your devices with its high-speed data transmission, audio support, and power delivery features. This USB C Port Expander, also known as a Type C Hub Station, serves as a multi-functional docking station that enhances connectivity and productivity.
With a transmission rate of 1000Mbps, this USB C Hub ensures swift and reliable data transfer between your devices. Whether you need to transfer large files, stream multimedia content, or connect to peripherals, this hub provides the speed and stability required for seamless performance.
In addition to its data transmission capabilities, this USB C Hub also features an audio port that supports a 3.5mm audio jack. This enables you to connect headphones, speakers, or other audio devices to your system, enhancing your multimedia experience with clear and crisp sound output.
The USB C Hub is designed to meet your power delivery needs, with PD transport support of up to 100W. This allows you to charge your devices efficiently and quickly, ensuring that you stay powered up and productive throughout the day.
Whether you are working on a project, streaming media, or gaming, the USB C Hub provides the connectivity and functionality you need to enhance your overall user experience. Its compact and portable design makes it easy to carry with you wherever you go, ensuring that you can stay connected and productive no matter where you are.
With a sample time of 7-15 days, you can experience the benefits of this USB C Hub quickly and efficiently. Whether you are a professional user looking to improve your workflow or a casual user seeking to enhance your multimedia experience, this hub offers the versatility and performance to meet your needs.
Upgrade your devices with the USB C Hub today and enjoy the convenience and efficiency of a multi-functional docking station that enhances connectivity and productivity. Experience seamless data transmission, audio support, and power delivery in one compact and versatile hub that meets all your connectivity needs.

USB C Hub Features:

Product Name: USB C Hub
Pd Transport: 100W
Audio Port: Supports 3.5mm Audio Jack
Full Length: 15cm
Products Status: Freshly Made
Support System: OBS, OS X, Windows 10, Windows, Linux

USB C Hub Technical Parameters:

Pd Transport	100W
Products Status	Freshly Made
Usb 3.0 Ports	Up To 5Gbps
Cooling And Ventilation	Heat Dissipation
Full Length	15cm
Sample Time	7-15Days
Supported Systems	Windows, Mac OS
Support Systerm	OBS, OS X, Windows 10, Windows, Linux
Audio Port	Support 3.5mm Audio Jack
Logo Printing	Can Be Accepted

USB C Hub Applications:

SUBOSEN USB-C Hub YH3AC is a versatile and essential accessory for various occasions and scenarios, providing multiple

functionalities and seamless connectivity. With its high-quality standards and certifications (CE, FCC), this USB-C Adapter Converter is a reliable and efficient solution for expanding the connectivity options of your devices.
Ideal for business settings, the SUBOSEN USB C Multiport Adapter is perfect for presentations, meetings, and collaborative work. It allows you to connect multiple devices such as laptops, projectors, external monitors, and more, enhancing productivity and efficiency in the workplace. The Type-C USB Docking Hub enables smooth data transfer and seamless integration of peripherals, making it a valuable tool for professionals on the go.
In educational environments, the SUBOSEN YH3AC USB-C Hub facilitates easy sharing of information and resources. Students and teachers can benefit from the convenience of having multiple USB 3.0 ports with speeds of up to 5Gbps, ensuring fast and reliable connections for their devices. The hub's heat dissipation feature ensures optimal performance during extended use, making it a reliable companion for academic activities.
For personal use, the SUBOSEN USB-C Hub is a versatile and practical accessory for everyday tasks. Whether you're at home, traveling, or on-the-go, this hub offers the flexibility to connect various devices such as smartphones, tablets, external drives, and more. Its compact design and logo printing option make it a stylish and functional accessory for tech-savvy individuals.
With a minimum order quantity of 500PCS and a price range of 10-40USD per piece, the SUBOSEN USB-C Hub YH3AC is a cost-effective solution for bulk purchases. The packaging details include customized colorful boxes, adding a touch of personalization to each unit. With a delivery time of 25-30 workdays and payment terms of TT in advance, customers can rely on timely and secure transactions. Backed by a supply ability of 200,000PCS per month and a sample time of 7-15 days, the SUBOSEN USB-C Hub offers reliability and efficiency for various application occasions and scenarios. Whether for business, education, or personal use, this hub is a versatile and indispensable tool for expanding connectivity and enhancing productivity.
