Product Description

USB-C Adapter Converter Product Description:

Welcome to our product summary for the innovative USB-C Hub! This Hub with Type-C Port is designed to provide you with seamless connectivity and enhanced productivity. With a compact and convenient Full Length of 15cm, this Type-C USB Docking Hub offers high-speed data transmission at a remarkable Transmission Rate of 10Gbps, ensuring efficient and smooth operations for your devices. One of the key features of this Hub with Type C Port is its versatility and compatibility with various devices. Whether you need to connect your laptop, smartphone, tablet, or any other USB Type-C-enabled device, this hub is the perfect solution to streamline your connectivity needs.

When it comes to customization, our USB-C Hub offers the option for Logo Printing, allowing you to personalize the hub with your company logo or any desired design. This feature makes it an excellent choice for corporate gifts, promotional items, or brand marketing. Additionally, the quick Sample Time of 15 Days ensures that you can receive a sample of the USB-C Hub promptly, allowing you to evaluate its performance and functionality before making a bulk purchase. This quick turnaround time reflects our commitment to customer satisfaction and efficiency.

With the Type-C USB Docking Hub, you can enjoy the convenience of expanding the connectivity options of your devices with ease. Whether you need to connect multiple peripherals, transfer data quickly, or charge your devices efficiently, this hub with Type-C Port offers a reliable solution for all your connectivity requirements.

Experience the benefits of seamless connectivity and enhanced productivity with our USB-C Hub. Its compact design, high-speed transmission rate, and compatibility with USB Type-C devices make it a versatile and essential accessory for your daily computing needs. Upgrade your connectivity experience with the Hub with Type-C Port and unlock the full potential of your devices. Stay connected, productive, and efficient with this innovative Type-C USB Docking Hub that offers simplicity, functionality, and convenience in one compact package.

USB-C Adapter Converter Features:

Product Name: USB-C Hub

USB 3.1 Ports *2: Up To 10Gbps

DP port: 4K @60Hz

Sample Time: 15Days

Private Mold: NO

Support Systems: OBS, OS X, Windows 10, Windows, Linux

USB-C Adapter Converter Technical Parameters:

Sample Time	15 Days
Usb Type	Type-C
Logo Printing	Can Be Accepted
USB 3.1 Ports *2	Up To 10Gbps
DP Port	4K @60Hz
Transmission Rate	10Gbps
Full Length	15cm
Support System	OBS, OS X, Windows 10, Windows, Linux
Hdmi Output*1	Up To 4K @30Hz
Private Mold	NO

9 in 1 multifunction docking station

10Gbps high speed data transfer support OEM

Speed up to 10Gbps data transfer

Support PD 100W fast charge

Charge and play without power interruption.
Work and entertainment are not disturbed by power outages,
ensuring the safety of device usage.

USB-C Adapter Converter Applications:

When it comes to expanding connectivity options for your devices, the SUBOSEN RU28A-9P USB-C Hub is a versatile solution that caters to a wide range of product application occasions and scenarios. This USB-C Multiport Adapter, also known as a USB-C Dongle Hub or Type-C Hub Station, offers a multitude of features and functions that make it a valuable accessory for various users. Hailing from China, the SUBOSEN RU28A-9P USB-C Hub boasts certifications such as CE and FCC, ensuring quality and compliance with international standards. With a minimum order quantity of 300 pieces and a price range of 10-40usd/pcs, it is suitable for individual consumers as well as bulk purchases for businesses or organizations. The packaging details include customized colorful boxes, adding a touch of personalization and aesthetic appeal to the product. With a delivery time of 25-30 workdays and payment terms of TT In Advance, customers can expect a smooth and efficient purchasing process.

With a supply ability of 200,000 pieces/month, the SUBOSEN RU28A-9P USB-C Hub is readily available to meet both small-scale and large-scale demands. The option for logo printing further enhances brand visibility and customization possibilities. Supporting systems such as OBS, OS X, Windows 10, Windows, and Linux, this USB-C Hub caters to a wide user base across different operating platforms. The fast transmission rate of 10Gbps ensures quick data transfer and seamless connectivity. Moreover, the inclusion of an HDMI port capable of supporting 4K @60Hz resolution opens up possibilities for high-definition multimedia experiences, making it ideal for multimedia professionals, gamers, and home entertainment setups. In conclusion, the SUBOSEN RU28A-9P USB-C Hub is a versatile and reliable accessory that fits seamlessly into various product application occasions and scenarios, offering convenience, efficiency, and enhanced connectivity for a diverse range of users.
