Product Description

C11

1 Full-Rich Multi-Port Expansion

13-in-1 all-metal hub integrates USB-A, USB-C, DC power input and PD pass-through port, expanding your laptop with all needed connections in one compact dock.

2 10Gbps Ultra-Fast Data Transfer

Dedicated 10Gbps ports cut file transfer time in half, making it ideal for large media files, external SSDs and storage drives.

3 Independent 45W Fast Charging Ports

Two exclusive USB-C charging ports support up to 45W single-port output, fully charging iPhone, iPad & smartwatch simultaneously without slowing data transmission.

4 65W Dedicated DC Powered Design

Comes with matched 65W power adapter to supply stable full-load power, eliminating disconnection or low-speed issues when all ports work simultaneously. Supports 100W pass-through charging for your laptop.

5 Ergonomic Aluminum Alloy Housing

Sloped tilt design eases plugging/unplugging cables; solid aluminum shell enables efficient passive heat dissipation to prevent overheating during extended use.

6 Universal Cross-System Compatibility

Plug-and-play operation compatible with Windows, Mac OS, and Linux systems. Works seamlessly with laptops, tablets, hard drives, keyboards, printers and various peripherals.
