

16-in-1 Thunderbolt 3 Docking Station with 40Gbps Speed DP1.4 Output and 65W PD Charging

Basic Information

- Place of Origin: CHINA
- Brand Name: SUBOSEN
- Certification: CE,FCC
- Model Number: DC009
- Minimum Order Quantity: 100
- Price: 80
- Delivery Time: 35days
- Payment Terms: T/T
- Supply Ability: 300/DAYS/25

Product Specification

- Aluminum: Full Aircraft-grade Aluminum Alloy
- Dimensions: 200mm X 150mm X 35mm
- Form Factor: Portable Or Desktop
- Operating System Support: Windows, MacOS, Linux
- Sample Time: 7 Days
- Color: Space Gray
- Products Status: Stock
- Compatible Memory Cards: MicroSD (TransFlash), SD
- Connector Type: USB C
- Supported Systems: Windows, Mac OS
- Shielding: Non-Shielded
- Custom Design: Available
- Data Transfer Speed: Up To 5Gbps
- Cable Type: USB-C Hub With Ethernet
- Usb Type: 3.0/3.1/2.0

Product Description

Product Overview

Dolovo 16-in-1 Thunderbolt 3 docking station is an all-in-one expansion hub designed for Thunderbolt 3 laptops. It integrates high-speed data transmission, multi-display output, power delivery, wired network, audio, storage card reading and multi-port USB expansion in one compact aluminum housing. Eliminate messy cables and turn your thin notebook into a full-function workstation for office, design, video editing and daily productivity.

Core Highlights

1. Full-Featured Thunderbolt 3 40Gbps Bandwidth

Upstream TB3 Port: 40Gbps ultra-high speed, supports 65W pass-through power charging for your laptop while working.
Downstream TB3 Port: Extend another Thunderbolt 3 device, max 40Gbps data transfer for external SSDs, docks and accessories.

2. DP 1.4 High Resolution Display Output

Equipped with DP 1.4 port, supports ultra-high-definition video output for graphic designers, video producers and multi-screen office users, delivering smooth, high-color-accuracy display performance.

3. Rich Multi-Speed USB Expansion Ports

1× USB-C 10Gbps: Specially optimized for M.2 enclosures, HDDs and flash drives to transfer large files fast.

2× USB 3.0 5Gbps: Connect mouse, keyboard, U disk, external hard drives and daily peripherals.

2× USB 2.0: For low-speed devices like printers, wireless receivers without occupying high-speed bandwidth.

4. SD + TF Dual Card Reader

Built-in SD & TF card slots, perfect for photographers, vloggers and creators to quickly import photos/videos from cameras, drones and memory cards without extra adapters.

5. Complete Audio & Audio Output

3.5mm Audio/Mic combo jack: Plug in headsets, microphones for meetings, video calls and music playback.

Optical Out port: Connect soundbars, professional speakers for lossless high-fidelity audio.

6. Stable Gigabit Ethernet & Independent Power Supply

1000Mbps Gigabit RJ45 LAN port: Stable wired network, no lag for live streaming, large file downloads and online meetings.

DC-IN 20V/3.25A power input: Independent power supply ensures all ports run stably even under full load, no power shortage issues for multi-device connection.

7. Premium Aluminum Alloy Housing

Whole metal heat-dissipation shell, excellent heat conduction to avoid overheating during long-time heavy-duty use. Compact vertical design saves desktop space, scratch-resistant and stylish for office & home desk.

Full Port Specification (16 Ports Total)

Left Side Panel

3.5mm Audio/Mic Jack

SD Card Slot

TF Card Slot

USB-C 10Gbps

USB 3.1 (USB3.0 5Gbps)

USB 3.0 5Gbps

USB 2.0

Right Side Panel

DP 1.4 Video Port

Thunderbolt 3 Upstream (40Gbps, 65W PD)

Thunderbolt 3 Downstream (40Gbps)

USB 2.0

Optical Audio Out

Gigabit Ethernet RJ45

DC-IN 20V/3.25A Power Port

Wide Compatibility

Fully compatible with all laptops equipped with Thunderbolt 3 interface, including MacBook Pro, MacBook Air, Windows Thunderbolt 3 notebooks (Dell, HP, Lenovo, ASUS, MSI etc.). Ideal for graphic design, video editing, remote office, live streaming, photography and student study.

Package Includes

1 × Dolovo 16-in-1 Thunderbolt 3 Docking Station

1 × Thunderbolt 3 Cable

1 × DC Power Adapter

1 × User Manual

Warm Tips

This docking station only works with devices with Thunderbolt 3 ports, not compatible with ordinary USB-C without TB3

protocol.

Use the original matched DC power adapter to ensure full power supply for all connected devices.

The USB-C 10Gbps port is recommended for high-speed storage devices (HDD, M.2 SSD) to maximize transfer efficiency.

After-Sales Support

All Dolovo docking stations pass strict factory quality inspection before shipment. If you receive damaged, defective or mismatched products, please contact our customer service immediately. We provide fast replacement, refund and professional technical support to guarantee your satisfactory shopping experience.
