Product Description

This all-in-one dual-plug hub is tailor-made for MacBook Pro / MacBook Air (M1, M2, M3, M4).

Instead of using loose connecting cables, it plugs straight into the two side USB-C ports of your Mac, saving desk space and perfect for travel.

100W PD Pass-Through Charging

Supports up to 100W power delivery pass-through. Keep your MacBook charging at full speed while you use peripheral devices. Note: PD port only for power input, does not support data or video output.

Dual-Slot SD & TF Card Reader

SD and Micro-SD slots work simultaneously. Photographers can transfer RAW photos & video files directly from camera memory cards to MacBook, no extra card reader required. UHS-I speed for fast file offloading.

2× USB-A 3.0 Ports (5Gbps)

Connect USB flash drives, external hard drives, mouse, keyboard and other USB-A accessories for data transfer and daily office use.

Premium CNC Aluminum Housing

Matte aluminum finish matches the texture of MacBook, good heat dissipation. Slim lightweight build, easy to slip into laptop bags.

Compatibility: Only fits MacBook models with two side-by-side USB-C ports. Not compatible with other brand laptops.
